## What is Infinity-Box Online Service

Infinity-Box **Online Service** is an online system based on **Infinity-Credits**. Infinity-Box **Online Service** gives you the next service and features:

- Calculate unlock codes online (f.e. for SL3, BlackBerry, Pantech etc.)
- Activate additional software (f.e. BB5 Easy Service Tool, CDMA-Tool, Language Pack Editor, SPT-Box etc.) for main Infinity-Box, BB5 Easy Service Tool [BEST], CDMA-Tool Smart-Cards online
- Renew support period for your products
- Each user can become a Reseller:
  - sell software activations to other users
  - sell **Infinity-Credits** to other users
- Reseller can create his own users and grant him User or Reseller status
- Other features can be released in future
- Available by default for
  - **Main Infinity-Box** users
  - **BB5 Easy Service Tool [BEST] Dongle** users
  - **CDMA-Tool Dongle** users
- Available for all users without additional payment
- Different services available **for free, without any preliminary payment**

### Note !

- You can login to your **Online Service** even with **zero balance on your account !**
- You can check **Online Service** prices before you buy **Infinity-Credits !**

## What is Infinity-Credits

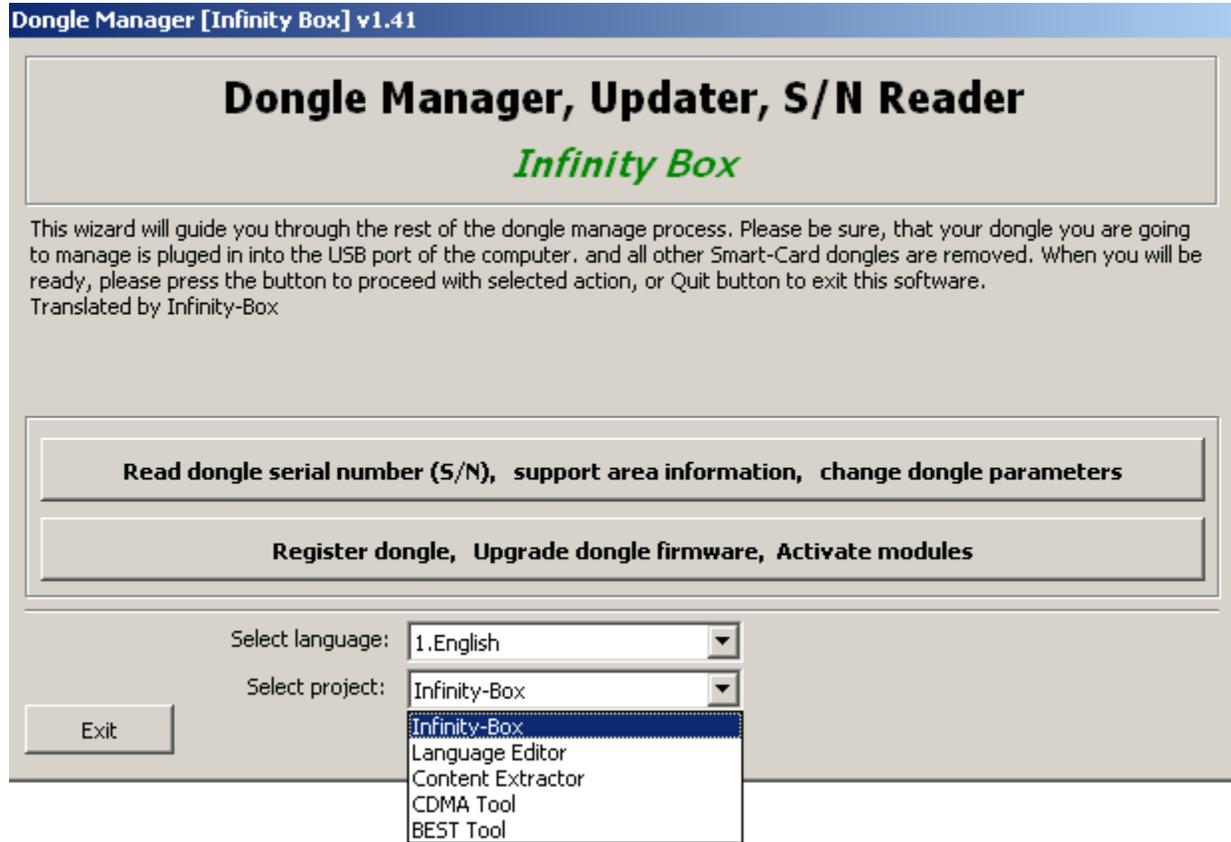

**Infinity-Credits** is an internal currency for **Online Service**, all prices quoted in Infinity-Credits. One Infinity-Credit price depends on number of Infinity-Credits you have bought, big discounts for big quantities.

## How to buy Infinity-Credits

- Visit Infinity-Box Corporate web site: <http://www.infinity-box.com/dealers.php>
- Contact to nearest Reseller from list
  - more than 100 resellers from different countries exist in list
  - resellers accept different payment methods, f.e. PayPal, Bank transfer, Credit Cards etc.

## How to login to Infinity-Box Online Service

- Connect Dongle/Box to PC
- Run **Infinity-Box DongleManager** **Note: version 1.41 or higher should be used !**
- Select required project (box type)

- Click to "Read dongle serial number (S/N)" button, you will see **Online Service** login and password

- Visit to Infinity-Box Corporate web site: <http://www.infinity-box.com/service.php>
- You will see link for Infinity-Box **Online Service**

**Welcome**

In case of any problems contact to [sales@infinity-box.com](mailto:sales@infinity-box.com)

## How to change Online Account password

- Login to your account
- Click to "Edit account"

The screenshot shows the 'My account' page with a navigation bar at the top containing 'Balance', 'My account', 'My users', and 'Products price list and Addons'. The 'My account' link is highlighted. Below the navigation bar, the user's profile information is displayed: Login: [redacted], Type: user reseller distributor, Name: [redacted], e-mail: [redacted], and Registration/Expiration (YYYY-MM-DD): 2007-12-21 00:00:00 2013-01-12 00:59:20. At the bottom of the profile section, there are input fields for 'Quantity' (set to 0) and 'User', and a 'Move my Credits to other user' button. Below that, there is a 'Records' dropdown set to 20 and a 'Refresh' button.

- Enter your current password
- Enter new password
- Repeat new password

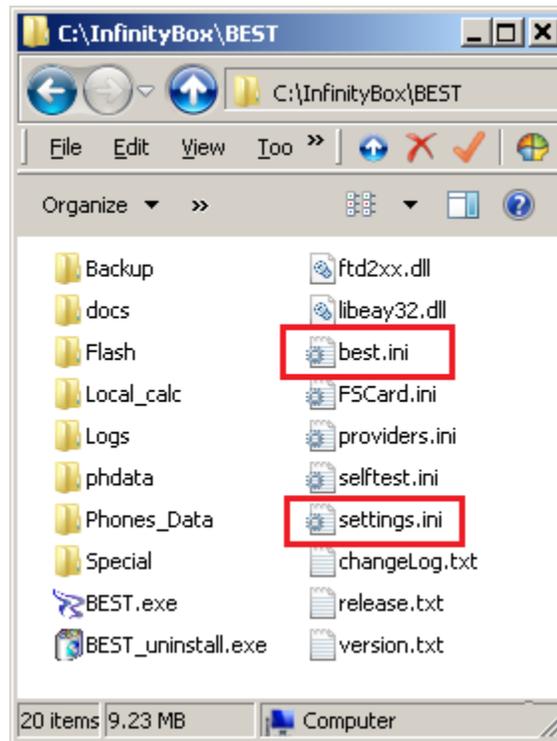

The screenshot shows the password change form on the 'My account' page. The navigation bar is the same as in the previous screenshot. The form fields are: Login: [redacted], Status: user reseller distributor, Name: [redacted], e-mail (required): [empty input field], Current password (no changes if empty): [password field with green dots], New password: [password field with red dots], and Repeat new password: [password field with red dots]. A 'Submit' button is located at the bottom right of the form and is highlighted with a red box.

- Click to "Submit" button

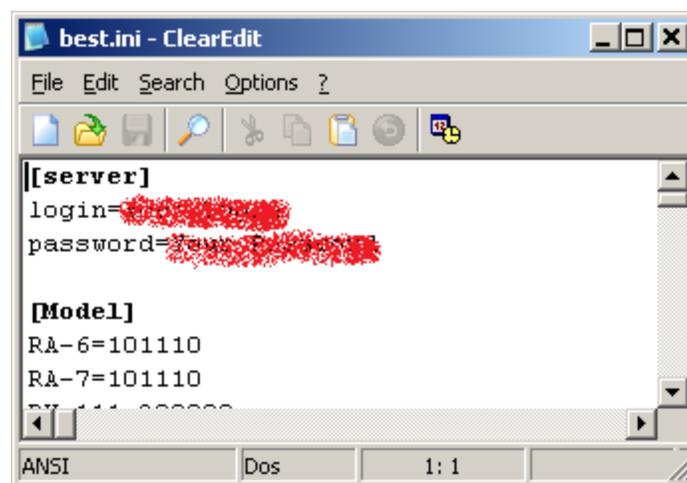

If you are using [BEST] software for unlock via server you must adjust [BEST] software configuration after you have changed password in [Online Service](#).

## How to adjust [BEST] password

- Go to folder with [BEST] software
- If you are using [BEST] software version **1.58 or older** you should edit file **best.ini**
- If you are using [BEST] software version **1.59 or newer** you should edit file **settings.ini**
- Open configuration file with text editor, f.e. Notepad or WordPad

- Enter your login
- Enter your new password

- Save configuration file
- Restart [BEST] software
